

# Our patented, easy-to-use Mail Back Liners are specially designed to make Take Back efforts a breeze.

US Patent No. 10,981,710

Heavy duty 3.5 mil thickness high-density polyethylene zipper bag - twice the strength of DEA and DOT requirements!

Inner liners are individually serialized, waterproof, opaque, tamper-evident, tear-resistant. (ASTM D 1922)

Inner liner bag meets the requirements of both 21 CFR 1317.60 and 49 CFR 173.197(e)(1)(i) and (ii).

Inner liners are specifically designed to match outer packaging ensuring proper fit and functionality.

Absorbent can retain up to 1 gallon of liquid. When introduced to liquid, pouch releases absorbent powder.

Black self-sealing polyethylene foam tape with white backing for ease of use.

Designed specifically to be the easiest and most effective packaging system on the market, our liners can be sealed and shipped in less than a minute and come with instructions to ensure safety and DEA compliance.

Box is classified as packing group II and III by an independent third-party DOT UN certification.

Pre-labeled box ships to a CES reverse distributor facility.

Corrugated 275 lb weight cardboard is rated to hold 66 lbs. of material when sealed.

**Everything needed to seal the box is included!**

**No tape or other materials are required for shipping!**

**Available in 6, 20, 28 and 38 Gallon Sizes**
