

# 1.5 GALLON MAIL-IN TAKE BACK INSTRUCTIONS

1. Close the container by screwing on the permanent locking lid. After the lid is securely closed, apply the security tape strip across the top of the lid.
2. Place container inside the poly-zipper bag. Remove as much air as possible.
3. Place both the container and bag assembly within the ship-back box, lid pointing up.

4. Insert the smaller pieces of honeycomb on each side of the container, followed by the larger piece of honeycomb on the top of the contents. Fold and tuck in the inner flap.
5. Close the two opposing inner side flaps, secure the outer flap with the cardboard tongue, and apply the enclosed adhesive strip to cover the opening, sealing the outer box closed.
6. Locate the included shipping papers and fill out the top section, followed by your signature. Place the colored carbon copies in the shipping pouch attached to the ship-back box. Keep the top copy for your records.
7. With the prepaid mailing label affixed, bring your filled and sealed ship-back box to your local USPS® post office to ship for proper destruction at no additional cost.

**MAX WEIGHT: 5.0 LBS (2.26KG)**
